

SUMMER INTERNSHIP PROGRAM

GERMANY 2016

Summer Internship Program in Germany

The Summer Internship Program provides an opportunity to:

- gain practical work experience in your field
- improve German language skills
- experience German culture firsthand

The program runs from May – August 2015 and arranges for paid and unpaid internships in a variety of professional fields including, but not limited to:

- » engineering
- » biology & environment
- » chemistry
- » nursing & medical
- » business & economics
- » general administration
- » start-ups
- » government, politics, & NGOs
- » education
- » liberal arts, social sciences, & music
- » production
- » health

Language Course

All participants in the College of Charleston Summer Internship Program in Germany will participate in a four-week language course prior to the start of their internships. The language course takes place in Berlin, Germany's exciting capital city.
